Date	Start	End	Name	Registration No.	Role	Session Title	Session Theme	Presentation Time (m)	Q&A (m)	Discussion Time (m)	Venue	Abstract Title	Presentation Order
11月12日	15:00	16:15	Fong Jerry		Chair	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies						0
11月12日	15:00	16:15	Jeffrey Ecker		Chair	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies						0
11月12日	15:00	16:15	Miko LAM		Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Recent Advances in Wrist Rehabilitation	1
11月12日	15:00	16:15	Koji Horaiya		Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Clinical Investigation Toward Early Acquisition of a Useful Hand After Surgery for Distal Radius Fractur	2
11月12日	15:00	16:15	Yoshiyuki Inagaki		Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Longitudinal Changes in Midcarpal and Radiocarpal Joint Motion During Early Rehabilitation Following Distal Radius Fracture	3
11月12日	15:00	16:15	Ho Wing Kelvin Fung		Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Managing the Painful Thumb CMC Joint: From Traditional Care to Dynamic Stabilization	4
11月12日	15:00	16:15	woon kim	6630481	Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Reverse Sugar-Tong Splint versus Conventional Sugar-Tong Splint for Immediate Post-operative Immobilization of Forearm Rotation after Arthroscopic TFCC Foveal Repair: An Inertial Measurement Unit Sensor?Based Comparison of Four Splinting Constructs	5
11月12日	15:00	16:15	Wei Sheng	6616722	Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Short-term Clinical Effect of ERAS Concept Combined with Arthroscopic Collateral Ligament and Joint Capsule Release for Post-traumatic Metacarpophalangeal Joint Stiffness in Extension Position	6
11月12日	15:00	16:15	Rosanne Cross	4273059	Speaker	Combined session	Current Topics in Distal Radius Fractures and Related Peri-wrist Pathologies	8		19	Room3	Bridging the gap between hand surgeon and hand therapists: perspectives from a collaborative co-treatment model utilised in a private practice in Western Australia	7
